

SEEKING TALENTED THERAPISTS FOR EVIDENCE-BASED TRAUMA AND COUPLES WORK

The Tri Health Clinic is a group private practice dedicated to providing evidence-based treatments to individuals and couples throughout Ontario. Our primary focus is in supporting better wellness through a bio-psycho-social lens. We are physically located in Kingston, Ontario and offer both in person and remote working opportunities. As a workplace, we are dedicated to removing all the administrative burden of private practice in order to set our therapists up to excel at what they do best – helping to change lives by offering high quality therapy.

WE ARE CURRENTLY HIRING FOR THE FOLLOWING:

- Trauma therapy (evidence-based frameworks)
- Couples therapy (via emotion focused therapy (EFT) framework)

WHAT SETS US APART:

- **High-end compensation and hassle-free billing.** Like most practices, compensation is via fee-split; but our client fees are typically on the higher end due to the specialized service we offer, which means that your compensation is proportionately higher. We also take care of all the billing and provide you with your monthly payment; no need to fret over invoicing, accounting, finances, or bookkeeping. It's all taken care of your for.
- **All the benefits of being your own boss with none of the risk.** You will be hired as an independent contractor, meaning that you are a part of our team, but you are your own boss! You get all the bonuses of joining an established practice, plus the absolute freedom of being your own boss. Work the schedule you want, see the clients you want, make the money you want, and do it on a team of awesome, passionate, like-minded therapists!
- **Fully curated schedule filled with the perfect clients for you.** All client inquiries are screened by our talented Intake Coordinator, who will work with you to find the clients best suited to your talents, and to keep your schedule full. No need to worry about screening clients or playing email/phone tag to book intakes. All you need to do is show up and see your clients.
- **Supervision is part of the deal.** We meet twice a month as a team for group consultation meetings, and individual supervision/consultation with a psychologist or highly trained clinician is also available. We have a library of training videos and resources on evidence-based therapy principles, so our clinicians can excel in their practice. We ensure you are always feeling supported with your clinical case load as well as your training goals.
- **A turnkey solution to your thriving practice.** When you join our team, you get access to our comprehensive How-To Guide for running your practice, complete with tested policies, document templates, forms, payment strategies; anything and everything you need to help your practice run as smoothly as possible with *zero* extra work.

YOU MIGHT BE A FIT IF...

- You are **registered or eligible for registration** with a professional college that permits you to perform the Controlled Act of Psychotherapy in Ontario. *If you are registered with the CRPO, you have a minimum of 5 years experience as an independently registered psychotherapist.*
- You are looking to work a **minimum of 2-5 clinical days per week** (4-6 clients per day). It would be a huge bonus if you are open to evenings or weekends
- You know **evidence-based models** of practice inside and out, including a very strong foundation in CBT, ACT, mindfulness, EFT, CPT, etc.
- You are self-directed, detail-oriented, passionate about what you do, and have a **strong drive** to better the mental health care field as a whole.
- You have a **curious mind and love the science of therapy!** You are always looking for ways to learn more, improve your clinical skills, or find new, innovative ways to deliver therapy. You've taken part in clinical training workshops and found them inspiring! You love questionnaires and symptom tracking. Data gets you excited, especially when it's data showing your client's improvements. You are comfortable performing literature searches in order to stay on top of the newest science. And learning new technology doesn't scare you – in fact, bring on the challenge!
- You prioritize **self-care** in your own life, keeping a healthy balance of clinical work and personal wellbeing!
